

Get serious about advancing your career.
Learn what you need to know to pass the national exam...*at your computer!*

Announcing one-day, online Intensive Review Sessions™ with a live, expert instructor to help you achieve
The Associate in Risk Management (ARM) Designation

ARM 55 “The Essentials of Risk Control”
November 17, 2006

ARM 56 “Risk Financing”
December 1, 2005

WHY AN INTENSIVE REVIEW SESSION™ ?

The Associate in Risk Management (ARM) designation is the most widely recognized designation in the risk management and insurance industries. Many people find it difficult to study for the exams because they simply do not have time to read the text, attend a weekly class and take practice exams.

Now there is a better way. You can prepare to take the ARM exams by spending just one day at your computer with a live instructor. After attending the session, you will:

- Know the meaning of key terms for each chapter in the text;
- Understand the important concepts in risk management and/or risk control;
- Know what to expect on the national exam; and
- Learn important exam techniques.

WHY AN ONLINE SESSION?

We utilize today's technology to deliver the review session directly to you, conveniently, at your home or office computer. There's no wasting time flying or driving to a conference. You will be able to interact with and listen to the presenter via a conference call while viewing the presentation on your computer screen. The entire session is live, not pre-recorded. If you've never attended an online meeting, the technology is amazing and quite simple to use. All you need is an Internet connection and a telephone--no special software is required. *Please see next page for specific system requirements.*

All review sessions are offered from 7:30 a.m. to 4:00 p.m., MST. The cost of each session is \$195. Registration fee includes review materials and practice questions. Textbooks and study guides are not provided, but may be purchased at www.aicpcu.org. For more information, email service@wickstrompublishing.com or call 1-888-884-9759. **No cancellations after Nov. 10 (ARM 55) or Nov. 15 (ARM 55).** **Space is limited so register early.**

ABOUT THE INSTRUCTOR

Eric C. Blomfelt, J.D., CPCU, ARM is an attorney who holds both the Associate in Risk Management (ARM) and Chartered Property Casualty Underwriter (CPCU) designations. He is an Assistant Professor of Business Law at the University of Northern Colorado and regularly teaches courses to insurance and risk management professionals. Mr. Blomfelt also serves as a frequent speaker for insurance organizations such as the Risk and Insurance Management Society (RIMS) and the Public Risk Management Association (PRIMA). Mr. Blomfelt has held positions with insurance brokers, insurance companies and in risk management. His prior positions include Risk Manager for Denver International Airport and Executive Director for the Wyoming Association of Risk Management. Mr. Blomfelt has helped many students throughout the country pass the ARM exams via the one-day intensive review sessions.

GUARANTEE

We guarantee these review sessions will help you pass the ARM exams. If you attend the entire session and fail the exam, you can attend one future session at no charge.
